EDUCATION

B.Tech in Computer Science and Engineering | Medicaps University, Indore, Madhya Pradesh

1st Year | 2025 – Present

TECHNICAL SKILLS

Frontend Development: HTML5, CSS3, JavaScript (ES6+), React.js, GSAP animations

Backend Development: Node.js, Express.js, REST APIs, Authentication (JWT/OAuth)

Database & Tools: Database design, WebSockets, Git & GitHub

Languages: JavaScript, Python

PROJECTS

[Ticket Booking System](#)

- Built a full-stack ticket booking platform to deepen expertise in database design, backend architecture, and user authentication
- Implemented secure authentication flows (registration, login, session management) using industry-standard practices
- Integrated WebSockets to enable real-time ticket availability updates and live booking confirmations
- Tech Stack: Node.js, Express.js, WebSockets, Database (POSTGRES SQL), JWT Authentication

[Monster Energy Drink Website](#)

- Designed and developed a visually immersive frontend website for a UI/UX hackathon competition
- Integrated GSAP (GreenSock Animation Platform) for high-performance scroll-based and entrance animations
- Focused on responsive design, smooth user experience, and pixel-perfect implementation
- Tech Stack: HTML5, CSS3, JavaScript, GSAP

EXTRACURRICULAR ACTIVITIES & LEADERSHIP

Tech Executive | MU-ACM Student Chapter, Medicaps University

- Currently serving as Tech Executive, responsible for managing technical operations and initiatives of the chapter
- Assisted in organizing a chapter event, contributing to Public Relations (PR) and Operations management
- Received an official Organizing Certificate for successful event participation and coordination

KEY STRENGTHS

- Self-motivated learner who builds projects from scratch to master new technologies
- Strong attention to detail with a disciplined, target-oriented work approach
- Reliable access to personal laptop and high-speed internet connection
- Comfortable with data tools, web-based platforms, and following structured processes
- Collaborative team player with demonstrated leadership in a student technical club
